

Custom Face Masks for Work, Play or Everyday

CHAMPRO

JUICE TRIPLE LAYER SUBLIMATED
FACE MASK

Pursuant to the CDC's new recommendation that everyone should wear a cloth face cover in public settings, we are proud to introduce our new face mask with customized graphics. The CHAMPRO mask is designed for non-medical settings and is perfect for work or personal use.

- ADD A LOGO OR DESIGN**
CUSTOMIZABLE
Choose a fastener type and add a logo or custom graphics to our face mask utilizing our sublimation printing process.
- TRIPLE LAYER PROTECTION**
Three layer construction provides protection and keeps the mask breathable and comfortable
- 3D CONTOURED DESIGN**
Our 3D design provides space between you and the mask to reduce condensation, making it more comfortable and effective for long periods of wear.

A portion of all sales will go to support our initiative to provide masks to the at-risk population.

Pick your style, color and design and we'll handle the rest.
